

## **NXGOLD ANNOUNCES \$4.1M FULLY SUBSCRIBED OFFERING**

**Vancouver, B.C. December 8, 2016 – NXGOLD LTD.** (“NxGold Ltd.” or the “Company”), (NXN:TSXV) is pleased to announce that it has received subscriptions for 16,640,600 units (for aggregate gross proceeds of approximately \$4.1 million), to be issued and sold pursuant to a non-brokered private placement (the “Offering”).

Each unit will consist of one common share of the Company (each, a “Share”) and one-half of one common share purchase warrant (each whole warrant, a “Warrant”) and will be issued at a price of \$0.25. Each Warrant will be exercisable to purchase one additional Share at a price of \$0.50 for a period of 36 months following the date of closing of the Offering (the “Expiry Date”). If, at any time after the expiry of the hold period referred to below, to which the Shares and the Warrants will be subject, the closing price of the Shares on the principal market on which the Shares trade is equal to or greater than \$0.75 for a period of 20 consecutive trading days, the Company may accelerate the expiry of the Warrants, in which event the Expiry Date shall be the date (the “Accelerated Expiry Date”) which is 30 days following the dissemination of a news release by the Company announcing the Accelerated Expiry Date.

Leigh Curyer, Chairman of the Company, commented “With the closing of this financing we will proceed to appoint the executive and technical management teams in the short term. Further, the over-subscribed financing places the Company in a solid position to commence exploration on the Peter Lake Property in 2017.”

As compensation for the placement of certain of the units, the Company has agreed to pay an aggregate of \$95,625, in cash, to certain finders, representing 5% of the gross proceeds from the sale of certain units sourced by such finders. In addition, the Company has agreed to issue to one eligible finder 281,000 finder’s warrants, representing 5% of the number of units sold to certain purchasers sourced by such finder. Each finder’s warrant will entitle the holder thereof to purchase one Share for a price of \$0.25 for a period of 36 months following the date of closing of the Offering, and is otherwise on the same terms and conditions as the Warrants.

All securities to be issued pursuant to the Offering, including the finder’s warrants, will be subject to a hold period of four (4) months and one day commencing on the closing date. The Offering is subject to the acceptance of the TSX Venture Exchange.

Two directors and two officers of the Company subscribed for an aggregate of 632,600 units. The participation by insiders in the Offering is considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The transaction is exempt from the formal valuation and minority shareholder approval

requirements of MI 61-101, as neither the fair market value of the securities being issued, nor the consideration being paid, exceeds 25% of the Company's market capitalization.

This news release is being issued less than 21 days before the closing of the Offering. This shorter period is reasonable and necessary in the circumstances as the size and nature of the Offering was only just determined.

The net proceeds of the Offering will be used to satisfy the Company's short term obligations under its previously announced earn-in agreement with Meliadine Gold Ltd., pursuant to which the Company has an exclusive option to earn up to a 70% interest in the Peter Lake Property, and for working capital purposes.

### **About NxGold**
